

ADITYA PAUL

Web Developer (Front-End & Back-End)

Kolkata, West Bengal, India | (+91) 7980492284 | pauladitya2907@gmail.com | linkedin.com/in/aditya-web | github.com/Aditya-2907

PROFESSIONAL SUMMARY

Web Developer skilled in building and maintaining responsive, user-friendly websites across the full stack. Hands-on experience with HTML, CSS, Bootstrap, and JavaScript on the front end, and Node.js, Express.js, MongoDB, and MySQL on the back end, including API integration, debugging, and performance optimization. Experience teaching web development fundamentals has strengthened both technical accuracy and communication. Comfortable working independently and in person to deliver fast, secure, and mobile-friendly web applications aligned with business requirements.

CORE SKILLS

- Front-End: HTML, CSS, Bootstrap, JavaScript (ES6+, DOM, Events, Async/Await, Fetch API), responsive & mobile-friendly design
- Back-End: Node.js, Express.js, MongoDB, MySQL (CRUD operations, query optimization)
- Core Practices: API integration, bug fixing, performance optimization, basic deployment, SEO-friendly page structure
- Tools & Workflow: Git, GitHub, VS Code
- Other: Technical training & communication, problem-solving, attention to detail

PROFESSIONAL EXPERIENCE

Software / Part-Time Faculty

Oct 2024 – Present

- Teach HTML, CSS, JavaScript, Bootstrap, MySQL, C, and Python with a focus on practical, hands-on implementation
- Guide students in building mini-projects (forms, CRUD apps, basic web pages), reinforcing real-world use of core concepts
- Assist learners in debugging code and developing structured problem-solving approaches
- Design assignments and practice exercises covering web development workflows and coding best practices

Back Office Executive

Oct 2023 – Sept 2024

- Managed structured data using Excel and internal systems with high accuracy
- Identified and resolved data-related issues, improving workflow efficiency
- Maintained records and generated reports to support business operations, demonstrating attention to detail in high-volume work

TECHNICAL PROJECTS

- Currency Converter Web App — JavaScript + ExchangeRate API; asynchronous data fetching and real-time conversion
- Music Player App — JavaScript Audio API; play/pause, shuffle, repeat, seek control, dynamic UI updates
- To-Do List App — full task management (add, delete, mark complete) with localStorage persistence
- Interactive Quiz App — dynamic question rendering, answer validation, score tracking, state management
- Built responsive, mobile-friendly interfaces throughout using HTML, CSS, and Bootstrap

EDUCATION

Bachelor of Computer Application (BCA), Manipal University, Jaipur

2023 – 2026

Higher Secondary Examination, Krishnapur Adarsha Vidyamandir

2022 – 2023
